Residents blamed for building under high power lines

BY JONK WA MASHAMBA
Jonk.mash@gmail.com

RESIDENTS of the newly developed area, called Malema Extension, said government delayed them in distributing land, resulting in them grabbing land fills.

One of the leaders, Sam Moilola (64), an ANC member, who once contested for the ward councillorship against Ambe Maseko in ward 107, disputed that grabbing land was illegal.

"We are grabbing land and we are not shying away. If this is illegal, the Freedom Charter should be illegal, because, it said people should get shelter. So what is happening here is illegal according to freedom charter."

Illegal: The newly developed area called Malema Extension between Extension 7 and 8
